NFC SCANNER | FIXING* THE NFC SCANNER ON LED DRIVER

Step 1

Remove the protective film from the adhesive surface of the double-sided adhesive dot.

Step 2

Stick the double-sided adhesive dot on the back of the NFC Scanner, as shown in the picture below.

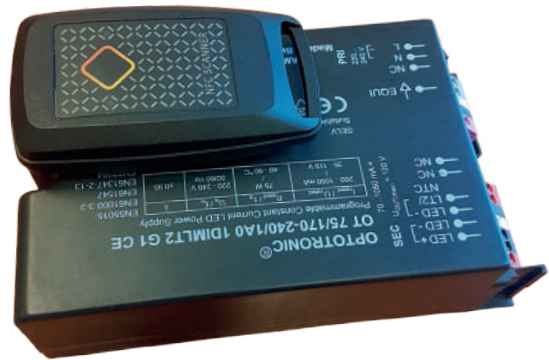

Step 3

Use the double-sided adhesive dot to attach the NFC Scanner to the LED driver.

Step 4

To start the reading or writing data to or from the LED driver you do not need to push the button, just follow the App instruction and wait the flashing of the yellow LED.

*Temporary for hands-free operation.
